

Compact Linear Bushing

CLB series

Cost-Effective Linear Bearing

Advantage

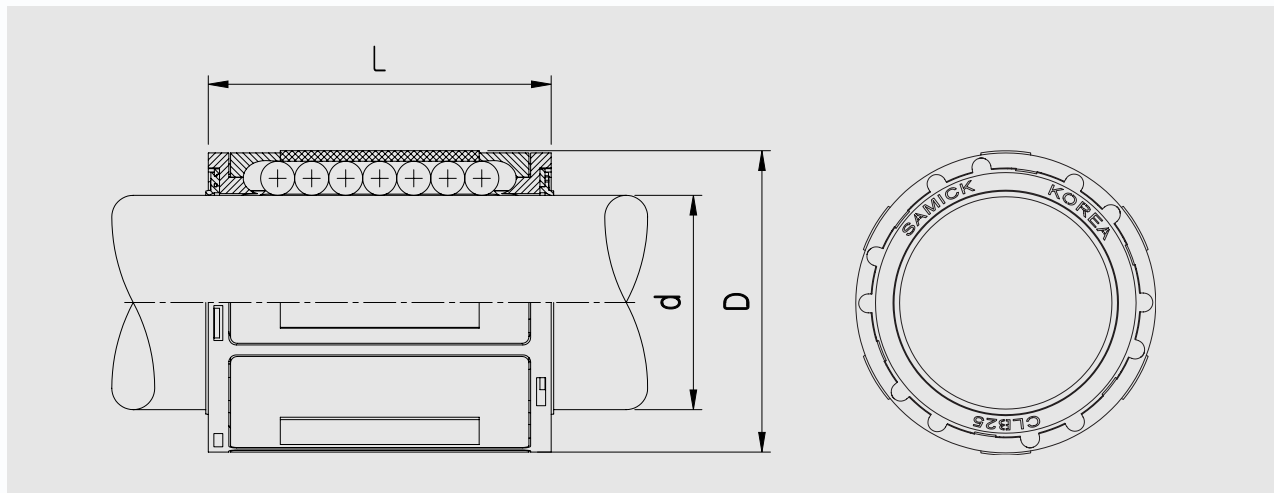

- Low cost Linear Bushing for most applications
- Small overall dimensions for especially compact construction
- Easy assembly : Just press in-no additional retention necessary
- Linear Bushing sets with aluminum or corrosion-resistant steel housing

The compact Linear Bushing with its durable plastic housing is distinguished by its compact dimensions.

SAMICK CLB series is a cost-effective, ready-to-install Linear Bushing.

Dimensions

Shaft Diameter d(mm)	Part Number		No. of Ball Circuit	Dimension		Working Bore Diameter		Basic Load Rating(N) ²⁾	
	Without Seal	With Seal		D ¹⁾ (mm)	L(mm) ±0.2	dr (mm)	Clearance (μm)	Dynamic (C)	Static (C ₀)
12	CLB12	CLB12UU	4	19	28	12	+9	480	385
14	CLB14	CLB14UU	5	21	28	14		640	440
16	CLB16	CLB16UU	5	24	30	16	-1	925	625
20	CLB20	CLB20UU	6	28	30	20	+11 -1	1165	790
25	CLB25	CLB25UU	6	35	40	25		2100	1370
30	CLB30	CLB30UU	6	40	50	30		2870	2100

1) Based on nominal Housing bore

2) 1N ≙ 0.102kgf
